

## **Environmental Management**

The Company takes it seriously when it comes to social and environmental duties and responsibilities by acting as a good citizen and living with others in society without causing any harm to the overall benefit of society and the nation. The Company has been revising its production standards and work processes to prevent the creation of pollution and ensure sustainable uses of natural resources. The Company does not support its stakeholders in destroying natural resources and the environment.

Recognizing the importance of environmental conservation and natural resource management, the Company has established the environmental policy as a guideline for its operations and communication as follows:

1. The Company is committed to undertaking operations in compliance with environmental laws and other requirements relating to environmental management.
2. The Company is committed to the mitigation of key environmental impacts and the conservation of natural resources.
3. The Company is committed to following up and evaluating environmental performance to ensure that established management plans are met. The Company is also committed to improving such environmental performance on a continuous basis.
4. The Company is committed to raising environmental awareness among its employees, service providers and contractors, and ensuring communication to the general public.

## **Environmental Guidelines**

1. Control, supervise, and prevent against any pollution caused by any activities, products, or services. Identify sources of pollution and measure, record, and report results of pollution. Stipulate measures to prevent against pollution and waste. Disclose information relating to pollution to the public and undertake any activities to prepare for and prevent against any accidents from chemical substances or any pollution from operations.
2. Supervise and control sustainable uses of resources; identify sources of uses of energies, water and other resources; and take measures for efficient uses of resources.
3. Undertake direct and indirect measures on an ongoing basis to mitigate any impact from climate change in relation to the Company's operations.
4. Protect and restore natural habitats in respect of all activities, products or services by indicating impacts and providing appropriate measures to mitigate or eliminate such impacts. Take actions to restore and maintain the ecosystem to promote the conservation and sustainable uses of natural resources.
